

AYLMER CAMPUS

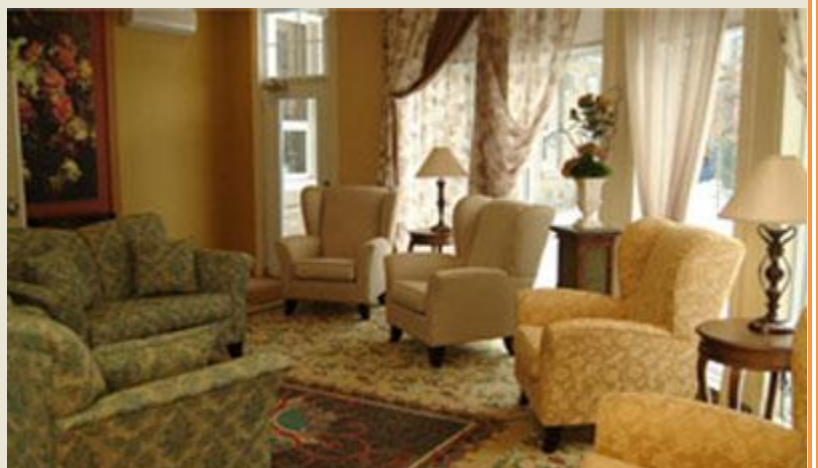

The “Académie de formation linguistique (AFL)” is scheduled to open a new campus in Aylmer, Québec on January 1, 2008. This new location will offer a variety of learning options for clients ranging from regular day classes to full residence immersion programs or “language stays.”

The Aylmer campus is set in a large stone monastery, bordered by 100-year-old trees, which has been converted into a beautiful residence. This 5-storey heritage building offers private furnished rooms with private 4 pieces-bathrooms and house-keeping services.

Clients who choose the residence immersion program will benefit from a number of on-site accommodations for an extra \$1500 per month:

- ◆ Dining room with table service
- ◆ Laundry facilities
- ◆ Pool and ping-pong tables
- ◆ Spacious living room with fireplace and baby grand piano
- ◆ Seven small lounges with libraries
- ◆ Glassed-in interior courtyard with extensive landscaping
- ◆ Walking trails adjacent to the complex
- ◆ Outdoor parking
- ◆ Shopping mall just across from the school

Resident-Students also have access to common areas such as an indoor heated pool, a piano lounge and a state of the art

dining room with a salad bar and a varied menu.

Since 1997, AFL has been dedicated to developing and offering language training that is adapted to a wide variety of client needs. AFL is known for its teaching techniques that integrate a holistic learning experience. Simultaneous Multisensory Teaching (SMT) and Learning Through Movement (LTM) are two proven methods that lead to excellent results in second-language learning.

AFL has a team of more than 60 highly-qualified language instructors and three campuses: Aylmer, Kanata and Westboro. We are honoured to have assisted hundreds of clients, most of whom are federal government employees, in achieving “C” and “E” levels in comprehension, written and oral exams.
