AFL has a team of more than 80 highly-qualified language instructors and three campus: Aylmer, Kanata and Westboro. Since 1997, AFL has been dedicated to developing and offering language training that is adapted to a wide variety of client needs. AFL is known for its teaching techniques that integrate a holistic learning experience. Simultaneous Multisensory Teaching (SMT) and Learning Through Movement (LTM) are two proven methods that lead to excellent results in second-language learning. We are honoured to have assisted hundreds of clients, most of whom are federal government employees, in achieving “C” and “E” levels in comprehension, written and oral exams.
